

Door Painting Instructions

- Buy Quart of paint that matches your shutters at Sherwin-Williams E. Main Street
- Buy a Quart of metal primer for any bare metal (Ask Sherwin-Williams store personnel for correct type)
- Sand off peeling or bubbling paint (Until smooth)
- Thoroughly clean entire door with mild soap/water – let dry completely.
- Spot prime exposed metal that was sanded
- Let door dry
- Apply 2 coats paint – follow label instructions on can for second coat.
- Keep door open until completely dry (approximately 4 hours)

Materials Needed:

Quart of paint

Quart of Primer

4" Roller

Paint brush

Sanding block (200 grit)

\$40.00 off  \$40.00 off

I have painted my own door: Name _____

Address _____

Phone# _____

Turn this in to the property manager when you have completed your door. A Board member will inspect the work and give the O.K for the \$40.00 credit towards your next month's condo fee.
